WELCOME!

The Making of The Super Star

Welcome to our first ever Manor Park Newspaper!

Our very first job as a group was to decide on a name for our newspaper. We considered lots of existing names, then came up with our own ideas.

Between us, we voted on our favourite name and THE SUPER STAR was born!

Next, we shared out which parts of the newspaper we wanted to help with, based on what our interests are and what we are good at.

Achievement!

We are very proud of what we have achieved and hope you enjoy reading the first edition of The Super Star.

Super things about Manor Park

We have really nice teachers that are kind and we have some really funny pupils. We have 2 play times, 1 in the morning which is 20 minutes long and we eat our snack.

At lunch time play we have an hour to eat and to play. Now it's sunny we can play on the field with the equipment. Being at Manor Park is super and we are all SUPERSTARS!

Year 4 Swimming

Year Fours have been going swimming on Mondays. Here are some year fours thoughts : It was a long walk but it was definitely worth it because the pool was so

nice and warm, but we did more floating than actual swimming in our first session! Overall it was a success and we can't wait to go again.

Pip and Pap: Reviewed!

By Gina, and Dean

Book title:
Mr Trinket's Toy Shop
What we liked about the book:

Pip and Pap had fun at the toy shop. They were arguing about a puzzle but then they stopped. Pap was very kind to Mr Trinket because he called him "sir" and that is polite. The things we liked the most from the toy shop were the monkeys and the rubber ducks, we wish the monkeys were real!

Ted Tales

One evening, the Attendance teddies had a party! They ate the remaining fruit from all the baskets in the KS1 classrooms! They put on their party hats and got all the food together. They also went outside to play on the equipment and ate outside on the floor and on the benches. They brought some balloons because

one of the teachers left their purse/ wallet and there was some money inside it, as well as a card. They ate all their food and then went back inside to play musical statues! However, they had to go back to their places after they played, ready for Friday's assembly to find out which class they are in next.

ONLINE FAIR PLAY

The Dos and Don'ts of Online Conduct

Alongside individual skill, impressive teamwork and some truly epic matches, one of the most enjoyable things about this summer's European football championships has been the sense of sportsmanship and fair play. Players have competed fiercely, but they've (mostly) remembered that they're representing their country – and that bad behaviour, dangerous play or outright cheating tends to last in people's memories for a long time after tournaments are over. The same is true of how we act online – one error of judgement or loss of control might only take a second, but can have results that are difficult to forget. Instead, just like the heroes of the Euros, we should aim for people to see us and feel proud and inspired. So in a five-a-side line-up (with five "dos" and five "don'ts"), here are our top tips for playing fair online.

FAIR PLAY

1 Organise your defence

Use strong passwords to protect your personal information, accounts and data. A trusted adult, like a teacher or a relative, can help you choose one that's easy for you to remember but hard for anyone else to guess.

2 Keep possession

Only share personal information online with people you know well, like friends and family. A trusted adult will be able to help you change your online privacy settings so strangers can't find things out about you.

3 Use teamwork

Before you use a device for the first time or download a new app, always check with a trusted adult. They'll be able to check if it's safe for you to use and make sure the privacy settings are right for you.

4 Be respectful

Treat people online like you would treat them in real life. Remember your manners and be polite and kind in your posts, comments and messages.

5 Catch attackers offside

If someone is trying to bully you online, a trusted adult can help you to gather evidence and report that person to the authorities. You should also tell a trusted adult if you see anything online that makes you feel worried, upset, frightened or sad.

FOUL PLAY

1 Don't ignore possible danger

Never accept a friend request from a stranger. If somebody you don't know tries to contact you online, tell a trusted adult straight away.

2 Don't lose control & retaliate

Although it can be tempting, it's best not to respond if someone attempts to bully you online or sends you hurtful messages. Tell a trusted adult what happened, and then block the person from contacting you again in future.

3 Don't hurt people deliberately

It's important to behave online just like you would in real life. Don't post anything that can make you look like a bad person, because the things we put online can stay there for a long time.

4 Don't cheat your way to victory

Don't copy another person's work that you found online or pretend that it's yours. This is called plagiarism and can get you into a lot of trouble.

5 Don't play for extra time

It can be easy to spend too much time online. Instead, take a break to go outside for some fresh air and exercise. Not using your device just before bed will also help you get a good night's sleep so you can be fresh and focused the next day.
