

Manor Park Sports Premium report 2023-2024

Manor Park CE First School
Love for God, Love for Each Other, Love for Learning.

PE & Sports Grant

In 2013/2014 the Government introduced the 'PE and Sports Premium' funding to schools. The PE and sport premium is designed to help schools improve the quality of the PE and sport activities they offer their pupils. Following the success of this grant, in 2017/2018 the Government increased the level of funding, determined by the number of pupils on roll.

The Government have spent over £450 million over the last 3 academic years on Sports Funding.

Why PE & Sports are important:

- Promotes healthy lifestyle including weight control
- Helps with strength, mobility, endurance
- Develops social skills
- and fun!

Sporting Provision at Manor Park

- Weekly PE sessions – covers the National Curriculum across the year
- Swimming lessons for Year 4 (Summer term 2)
- A range of after school sporting activity clubs
- Assessment of progress in PE – children are assessed within lessons/activities and annually in the reports to parents. Data is analyzed for all year groups by the subject leader.

How has the PE & Sports Grant been spent?

Whilst schools must spend the funding to improve the quality of the PE and sport activities they offer their pupils; we are free to choose the best way of using the money.

At Manor Park we have used the funding to:

- hire qualified sports coaches to teach PE lessons
- provide existing staff with teaching resources to help them teach PE and sport
- extend our after-school activity clubs
- participate in local sport competitions
- purchase PE equipment

The Primary PE and sport premium

Planning, reporting and evaluating website tool

Updated September 2023

Department
for Education

Created by

This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last years spending and key achievements (2024/2025)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.
